

“Step Forward to Conflict Management”

International training course on Conflict Management and Negotiation

Gyumri, Armenia

July 3 – 10, 2023

Practical Information

1. General Information about the TC

Gyumri “Youth Initiative Centre” NGO from Armenia and **Nouveau Départ** NGO from France will host a 7-days international training course on Conflict Management and Negotiation.

All the stereotypes are born because of the lack of communication and unawareness. The possible reason for this is the lack of awareness of the young people about mechanisms and tools of conflict management and negotiation skills in general. The current world is full of conflicts unfortunately. Almost all countries involved in the project are facing different conflict situations; internal conflicts, external conflicts. Young people living in conflict zones, have suffered a lot from the political situations and having barriers and borders which doesn't allow common people and especially young people to communicate gives space for stereotypes.

Aim: To share the culture of peace among young people, youth leaders/workers by means of giving ground for exchanging peace building and cross-border practices.

Objectives:

To empower and equip young people and youth leaders/workers with skills which helps them for conflict resolution - negotiation, intercultural communication, diversity management and conflict resolution skills on personal, interpersonal and organizational level to contribute to the culture of peace and cooperation.

To break stereotypes through creating channels of communication between the countries of different cultures

To promote cooperation and partnerships among youth organizations from Programme and Partner countries.

Indirectly the project also aims at eliminating the prejudice among the future generation towards people holding different (different does not mean wrong) values and to foster equality and equal opportunities for young people from various background disregarding their social, economic, educational level and stand in the society which is certainly one of the core European values as the participants of the TC being active youth leaders/workers and working with young people directly, can and often are role models who can breed such qualities in youth.

The training will bring together 3 representatives per country (Programme and EaP countries), which have capacity to serve further as multipliers of the developed tools and strategies.

The training will also have a strong partnership building component.

Methodology:

The TC is based on the principles of non-formal learning and will further contribute to the recognition of it. The experienced project team will support learning process of participants, and also will help them plan the application of skills and knowledge.

2. Profile of Participants:

The project will bring together 24 participants. Age limits: **18 +**

The participants should meet the following criteria/have the following criteria:

- Involved in organizations as youth leaders, youth workers, project managers, young people,
- Motivation and interest to take part in a mutual learning process in a very intercultural setting,
- Good level of English to follow the course and ability to participate fully in the event,

* European volunteers under the ESC programme are NOT allowed to participate.

! The participants are expected to participate fully in all activities. Unauthorized absence from activities and workshops will not be permitted and will result in cancellation of the travel reimbursements. We would really appreciate energetic and active participation!
