

KRISTIINE YOUTH CENTRE

Kristiine youth centre is open Mon - Fri at 13.00–19.00 to all from 7–26 years of age in order to provide a wide range of educational and recreational processes that develop young people in various ways. We help young people become a part of the society by engaging them in their own environment using their own interests, by teaching them social skills and by using knowledge learned from formal education.

In Kristiine youth centre guests have the opportunity to communicate, play different popular games, acquire useful information, to do their homework and get help and advice from youth workers.

In addition, youth centre organizes different kinds of activities, events, workshops and clubs.

In the planning and implementation of its activities youth centre supports youth initiative and follows the principles of non-formal learning. Some of the non-formal activities are held in cooperation with schools. Youngsters can improve their initiative skills by developing their own ideas into actual events.

During the year, we also have different school-break programmes, city camps and international projects.

We are working to keep up with the popular activities, we have a virtual reality set and we are planning to begin providing e-sports activities. Kristiine youth centre also provides opportunity to rent rooms for NGOs and others.

Proposed activities

Activities are up to the volunteer, we don't want to force volunteer do something he/she don't want to or don't know how to do. It would be added value if the volunteer has a hobby or interest in multi-media, photography, movie making, IT, graphical design, cooking, music etc. so we can figure out the activities together based on the skills of volunteer. Only thing we see that volunteer should do is run the international movie club activities, which we have a long history and all our volunteers have done that.

Volunteer profile

We are open for volunteers with different experiences and skills! Volunteer should be open-minded, helpful, patient and tolerant person. Good English is required.

More information about our activities and youth centre you can find in Facebook:

Kristiine noortekeskus or our webpage: www.kristiinetk.ee
