We want to help the young people who are struggling and support the initiations of the community in the village. Our youth center has been running since 1999. The association has been working with the EVS and ESC programs since 2005 and so far we have hosted 244 volunteers. In addition, it helps to create an exchange between volunteers and villagers.

# Information about the village Nagyvázsony

In the west part of Hungary not so far from the lake Balaton you'll find the village Nagyvázsony (pronounced like Nodjvashon) where approximately 1800 inhabitants live. It has a primary school, a kindergarten, three little supermarkets, a bank, a post office, a café, some hotels, a small gym, our youth centre and a lot more. Besides, Nagyvázsony is famous for it's castle from the middle ages which is why tourists visit Nagyvázsony as well. Here you can find a short movie about [Nagyvázsony.](#)

## Description of volunteer work

During the three weeks, the volunteers get to work with four different themes:

- 1. Work with children.** Volunteers prepare activity's for the children of the local elementary school, kindergarten and afternoon school. Traditionally, volunteers also prepare small Christmas gifts for the children in the kindergarten.
- 2. Instrument workshop and Green day.** The workshop will be guided by two instrument making professionals. We will collect materials from nearby forest and make instruments. During the Green day's we are planning to clean the center of the village from garbage. In addition we want to renovate benches of the monastery ruins area which is a beautiful place for enjoying nature.

**3. The 25th birthday of the Fekete Sereg.** Our association is celebrating a birthday this year, which is why we are organizing a two-day birthday event. Volunteers participate in the preparations of the event as well as in the event itself. The program includes working around youth work and volunteering, presentations, music and celebrating.

**4. Communication and social media.** Visual documentation is

important to us, so taking good pictures, updating our facebook and instagram (posts, stories and reels), making a short film and creating articles are also a part of volunteers work.

Volunteers have also possibility to learn Hungarian language with the mentors.
