AUTONOMIA
&
DESCOBERTA CRL

Dear Volunteer,

Autonomia e Descoberta is an ONG focused on cultural and social development. We work with several age groups and areas.

We're located in Beja, the biggest district in Portugal with over 1,146.44 km². Previously known by Pax Júlia (the peace of Julious) the city harbours all kinds of historical traits, giving you the opportunity to get transported to the past every turn you take. we have a river beach 5 km away from the city.

You can put in action all of your skills!

Information about work

community work

From the restoration and design of different indoor spaces and gardens, there is a chance to put your planning and creativity up for a challenge! at the same time you're helping our small town

This work will be focused mainly in the Maldonados Palace.

The palace was built in the middle of the XVI century by a local family, it presents a renaissance profile. nowadays it became a students' residence.

There'll be two main areas of intervention

The gardens, where you'll clean, project and build a concept for a new more up-to-date and environmentally friendly landscape.

The activity room, where you'll paint, draw and create a more inviting and spirited environment for the youth.

Media work

You can help us with the creation of digital content! Production and editing of video and photography about the association, project and the city are always welcome.
